TRẦN NHỰT

FULL-STACK DEVELOPER

"

With the knowledge of What's in school and courses. I always want to become a Full-Stack Developer. Having a solid knowledge of Front-end and Back-end both. Some Skills I have such as NODEJS, REACTJS, SQL, MongoDB, C#, ASP.Net and I improve my skills everyday. I want to give my best to help the company grow as well as achieving my goal.
